FAMILY MEDAL SEWING MACHINES,

WHEELER & WILSON'S

Premium Family Sewing Machines.

The unqualified preference accorded by the best judges, to these invaluable machines, is sufficient proof of their superiority; and this verdict has been signally confirmed by the public, marking their success with unanimous approval. These machines are the *only* ones whose original view was Family Use,—the entire design being expressly adapted to that purpose, and not accidentally applied to this object because unsuccessful in others. The numerous and important advantages peculiar to them, are fully recognized; the simplicity, the rapid and almost noiseless movement,—the unequalled beauty and durability of their work, are points which cannot fail to commend them to all who need the services of that useful instrument, a Complete Family Sewing Machine. ADAMS, SAMPSON & CO.,

No. 91 WASHINGTON STREET.

JULY 1, 1858.

Entered according to Act of Congress, in the year 1858, by ADAMS, SAMPSON & CO. in the Clerk's Office of the District Court of the District of Massachusetts.

DAMRELL & MOORE, Printers, 16 Devonshire Street, Boston.

PREFACE.

The fifty-fourth issue of the Boston Directory comes to the public appearing no doubt to the casual observer, very much in all respects like its predecessor; but those who have occasion to refer to it for information, will find no page that does not record numerous and important changes.

The migratory tendency of a portion of our population and the never failing hand of death, have taken from our last record some 14,000 names, while a little more than 15,000 new ones have come to fill their places, giving about 1,200 increase.

Beside the essential changes of appearance and disappearance, the many thousands of removals within the city and of other changes, all serve to give the last Directory somewhat of the character of a last year's almanac, and to render the new one a most necessary appendage for every store and counting-room.

The price of the Boston Directory ($1.50) will compare favorably with any others that are published, — the New Orleans costing $3.00, — the Baltimore $2.00, and the Washington $2 00, neither of which contains as many names as the Boston, — while in New York it is necessary to buy three books, viz: the General Directory, $2 50; the Business rectory, $1.00; and the Firm Directory, $1.00, making the whole cost $4.50, in order to get all the classes of information that are given in the Boston Directory.

MUTUAL LIFE INSURANCE CO.

Of New York.

This Company held its third quinquennial meeting on the 10th February, 1858.

A Dividend of 40 per cent. was declared on al participating premiums received during the last five years; the reversionary value of which is added to the face of the policy, and varies according to the age of the assured from 47 to 119 per cent. on the amount of participating premiums paid.

The Receipts of the Company for the five years ending 31st January, 1858, were $4,751,169.10.

The Claims paid on account of death, during the same period, amounted to $1,445,786.17.

The net increase of accumulations for the same time amounted to $2,627,468.22.

The total net Assets of the Company, and which are the property of the assured, amount to nearly $4,750,000.

The business of this Company is conducted upon the mutual principle, in the strictest sense of the term; the entire surplus, deducting necessary expenses alone, being divided *pro rata* among the assured.

SECURITY FOR THE ASSURED.

Security is, in Life Assurance, the paramount consideration. If a man insure a house or a ship with a company or an individual of whose credit he gets doubtful, he will forthwith insure somewhere else. But Life Assurance is quite a different affair. The bargain is one that may not, perhaps, be finally concluded for fifty years; and any inability on the part of an establishment in extensive business to make good its engagements, would be productive of a degree of misery not easily imagined.

Parties therefore, about to assure, should look well to the circumstances best calculated to guarantee to them the security of their investments.

INVESTMENTS.

The Assets of this Company are entirely made up of receipts of premiums and interest on its loans, and are *exclusively cash.*

As the premiums and interest accumulate, no unnecessary time is lost investing them on Bond and Mortgage on first-class unencumbered real estate in the city and State of New York.

The outstanding loans of the Company are all at 7 per cent. interest, and amount in the aggregate to nearly 4½ millions of dollars. The real estate mortgaged to the Company is situated mostly in the city of New York and vicinity, and is, in all cases, worth double the amount loaned. There are also Fire Insurance Policies assigned to, and deposited with the Company, as collateral security, amounting to 2¼ millions of dollars, besides personal guaranties to a considerable amount.

Each Bond and Mortgage is examined by the Finance Committee, and also by a Special Committee of the Board of Trustees. Thus it will be seen that *the securities are sound, reliable, safely kept and properly managed.*

MEDFORD BRANCH RAILROAD.

Trains run to and from MEDFORD, a distance of five miles, eight times a day each way. Fare 15 cents. Time, 15 minutes. Season Tickets, $44 a year. This is a beautiful village, and a desirable place for summer residence.

ADVANTAGES OF A RESIDENCE ON THIS ROUTE.

Somerville, Medford, Malden, Melrose, South Reading, and Reading, towns within the range of the special, as well as the longer trains, possess many advantages for country residences, either through the warm season or the whole year, not exceeded by those of any other towns in the vicinity of Boston. The cheapness of the fare, the number of trains, both early and late, in connection with the convenient depot at Boston, render this railroad a desirable channel of intercourse between the city and country. That the advantages of these places are appreciated, is evident from the increasing demand for residences on this route, the demand for house lots, and the steady rise in the value of the land.

SCENERY.

It cannot be denied that the scenery on every section of this route is unsurpassed. The surface of the country for the first ten miles is beautifully variegated, presenting a continual succession of picturesque views of the country, the city, and the sea. Its hill-tops and valleys are decked with splendid dwellings and tasteful cottages, and nowhere can be found the union of town and country more complete.

RESIDENCES.

Dorchester, Milton and Quincy afford locations for some of the most delightful and healthy residences. Savin Hill, Harrison Square, and Neponset, from their proximity to the city, and their attractive scenery, have become favorite places of residence.

PLYMOUTH

Presents great inducements for individuals seeking health or pleasure. The Samoset House furnishes excellent accommodations; then there are Plymouth Rock, Pilgrim Hall, and the graves of the Forefathers, calculated to awaken pleasant recollection. The numerous ponds in the vicinity of the village afford good fishing, and the beach and roads through the woods are delightful places for a drive.

ATTRACTIONS.

An occasional ride in the cars as far as Braintree, will amply repay one for the trifling sum exacted for fare. In passing through the village of Quincy, the venerated mansion of the "Elder Adams," and afterwards the residence of the "Old Man Eloquent," can be seen.

THE BOSTON POST,

(THE LARGEST DAILY PAPER PRINTED IN NEW ENGLAND.)

THE PRESS AND POST,

AND

THE BOSTON STATESMAN & WEEKLY POST.

DAILY POST,.....$8.
PRESS AND POST, semi-weekly, (Monday & Thursday,).....$4.
STATESMAN AND WEEKLY POST, (Friday,).....$2.

These journals are edited by CHARLES G. GREENE and RICHARD FROTHINGHAM, Jr.; employ a large corps of Assistant Editors, Reporters and Correspondents; and neither labor nor expense is spared to make their columns valuable. They have been published nearly thirty years; have a range of subscription exceeded in extent and aggregate by no paper in New England.

The columns of these papers are filled with a great VARIETY of useful and entertaining matter. Their editorials; domestic and foreign correspondence; reports of lectures; marine department; daily monetary article and weekly financial review; literary notices; poetic contributions and humorous matter, form a VARIETY designed to meet every taste.

The ADVERTISING COLUMNS embrace an almost entire synopsis of the business of New England; and from that department of the paper alone can be obtained a correct impression of the character of trade, its facilities and its operations; while the financial editorials give an accurate view of passing events in the commercial world.

THE PRESS AND POST

Is made from the DAILY'S contents, and published every Monday and Thursday morning. It is clearly and handsomely printed on fine paper, in clear type, and the subscription is four dollars a year. This journal, with its ample prices current and general view of the markets, together with a careful synopsis of news, miscellaneous intelligence, &c., is admirably adapted to answer the wants of country merchants, or readers out of Boston. To Clubs of ten or more, paid in advance, a reduction of twenty-five per cent. will be made.

THE BOSTON STATESMAN AND WEEKLY POST

Forms a racy and complete record of the times, and contains the news of every description; in fact, a brief and comprehensive history of passing events; foreign news in detail, domestic information, agricultural items, commercial and monetary articles, statements of trade, of the weather, of crops, &c., accounts of meetings, political records, news of every description, poetry, pleasant reading matter, humorous items, epigrams; in fact, a COMPLETE FAMILY NEWSPAPER—a vehicle for every species of useful and entertaining information—among which will be found, in each issue, A PLEASING STORY. The STATESMAN is printed on the LARGEST SIZED paper, and on new and beautiful type. It has a very large circulation, and its rapidly increasing list is the best evidence of its popularity. It is supplied at the rate of TWO DOLLARS a year for single subscriptions. CLUBS, *taking ten or more copies in one package*, will be supplied at ONE DOLLAR AND A HALF A YEAR.

THE COMMERCIAL DEPARTMENT

Involves a large expenditure; contains varied and accurate reports as to all branches of trade, and is second to that of no paper published in New England.

These journals are carefully conducted, and edited in a faith in democratic principles, but in a spirit of conciliation to all parties. As advertising mediums they are unsurpassed; penetrating as they do into such a variety of households scattered over the whole Union, and read as they are by all classes of the community, they furnish an opportunity for the diffusion of information which can scarcely be obtained elsewhere.

As the above Papers are printed on one of Hoe & Co.'s Fast Presses we are enabled to delay their publication until the latest moment.

☞ THE BOSTON STATESMAN AND WEEKLY POST HAS A LARGE CIRCULATION THROUGHOUT THE COUNTRY—PARTICULARLY AT THE WEST AND SOUTH—AND IS AN EXCELLENT MEDIUM FOR ADVERTISING. A LIMITED NUMBER OF ADVERTISEMENTS WILL BE RECEIVED AT THE RATE OF TEN CENTS A LINE.

BEALS, GREENE & CO., Nos. 40 and 42 Congress Street, Boston.

☞ **The circulation of the Boston Post is not surpassed in extent by any paper of its size in the United States.**

U. S. AND FOREIGN

PATENT AGENCY.

Room, No. 11 Webster Bank Building,

13 Exchange Street, Boston.

SAMUEL COOPER,

Late Chief Examiner in the U. S. Patent Office,

PROCURES PATENTS IN THIS AND FOREIGN COUNTRIES.

His long official connection with the Patent Office has rendered him familiar with its rules and practice, and with the history of invention in this and other countries; and this experience, with the frequent visits which he proposes making to the Patent Office, justifies him in saying that his Agency will offer to inventors all the advantages of one located in Washington, and, in addition, those which result from a residence in the midst of mechanical and manufacturing industry.

Advice given upon all matters relating to the validity, &c., of patents, the novelty and patentability of inventions. Specifications and Drawings prepared; Caveats filed; Reconsiderations procured of applications that have been rejected upon imperfectly prepared papers; Cases of interference, and applications for extension and re-issue, prosecuted; and, in general, all business connected with the Patent Office transacted with care and promptness.

British and other foreign patents procured, through prompt and confidential agents in London and Paris.

Persons residing at a distance may obtain all necessary information, and have their business transacted, by writing to the subscriber, without the trouble and expense of a visit to Washington.

He begs leave to refer those unacquainted with him to the following testimonials: —

FROM THE HON. CHARLES MASON, COMMISSIONER OF PATENTS.

U. S. Patent Office, Feb. 28, 1855.

I take great pleasure in stating, that, during the time I have been acting as Commissioner of Patents, Samuel Cooper, Esq., of Boston, has been engaged as Solicitor, and has been, in that capacity, in constant correspondence and intercourse with the Office. He has evinced a thorough acquaintance with the Patent Law, and with the rules and practice of the Office; a close attention to the interests of his clients; and a marked candor and courtesy that have rendered the transaction of business with him a pleasure. I have no hesitation in stating that I regard him as one of the very best agents for the transaction of business with this Office with whom I am acquainted.

CHARLES MASON, *Commissioner.*

FROM THE EXAMINERS IN THE PATENT OFFICE.

The undersigned, Principal and Assistant Examiners in the United States Patent Office, have for several years been well acquainted with Mr. Samuel Cooper, lately a Principal Examiner in this Office, and take pleasure in stating that he is a gentleman of the highest moral character, of unquestioned knowledge in the business and practice of the Office, and that his scientific attainments are such as eminently fit him for the business in which he is about to engage.

Henry B. Renwick, L. D. Gale, J. H. Lane,	*Principal Examiners.*	T. R. Peale, Thos. T. Everett, F. Southgate Smith, Wm. Chauncy Langdon,	*Assistant Examiners.*

From long acquaintance, and intimate official relations, with Mr. Cooper, I fully and heartily concur in the foregoing recommendation made by my late colleagues.

Late Principal Examiner of Patents.

BOSTON DAILY ADVERTISER.

ESTABLISHED MARCH 1, 1814.

Published every Morning, except Sundays. Terms, Eight Dollars per annum, in advance.

NATHAN HALE AND CHARLES HALE, EDITORS.

CHARLES HALE, PUBLISHER.

This is a first-class newspaper of the largest size published in Boston. It is conducted with care and diligence, and is believed to possess a favorable character wherever it is known. With the introduction of the new type, a new order of arranging the contents has been adopted, which allows of a considerable increase in the quantity of reading matter, and enables us to present the news as received at the latest hour, in the fullest extent, without inconvenience, and without curtailing the space devoted to the various regular departments of intelligence. While retaining all the old characteristics of the paper, which have given it its favorable reputation, such new features have been and will be introduced as shall make it approach as nearly as possible the highest standard of excellence for a daily newspaper published at the present day in the capital of New England.

Every effort is used to present in the columns of the BOSTON DAILY ADVERTISER the *news* of the day, with fulness, freshness, and accuracy, and, further, to discuss the topics of the day freely, fairly, and with independence, at the same time that the utmost care is taken to express no opinion which is not formed after careful personal examination by the editors, of the subject under consideration.

The attention of the public is respectfully called to the following characteristics of the BOSTON DAILY ADVERTISER:

1. Its editorial articles, which are numerous, written with care, and express only the opinions of the editors. *No pay is ever received for anything appearing as editorial.*
2. The regularity and fidelity with which all public documents and matters of permanent value are presented in its columns.
3. The copiousness of its summaries of foreign intelligence, which are prepared with laborious care from ample materials.
4. The perfection of its marine intelligence. Its leading position in this department is believed to be generally admitted without question.
5. The accuracy and independence of its financial and commercial intelligence, which is so prepared as to remove it beyond suspicion of aiding individual interests.
6. The accuracy and fulness of its reports of the proceedings of the Massachusetts Legislature, and of legal and judicial proceedings.
7. Its literary intelligence, and notices of books, pictures, public amusements, &c. Extracts from forthcoming works in advance of their publication are frequently printed in its columns.

Other features to which we invite the attention of the public are our weekly statement of the value and amount of imports of foreign goods at the port of Boston, prepared exclusively for this paper (additional to the daily reports of the names of importers); weekly statement of the condition of the banks in Boston, and monthly statement of the other banks in Massachusetts, published by authority. These statements are published also in the Semi-Weekly Advertiser and Weekly Messenger.

The laws of the Commonwealth of Massachusetts are published in this paper, by authority, as well as all other official information designed for the public.

The SEMI-WEEKLY ADVERTISER and WEEKLY MESSENGER contain substantially the same reading matter as the DAILY ADVERTISER, but less space is occupied with advertisements, of which very few appear in the WEEKLY MESSENGER.

These papers are printed for mailing on a sheet weighing "not over 1½ ounces," and are accordingly chargeable for postage at the lowest rate, viz., *a quarter of a cent* for each paper within the State, when paid quarterly, in advance.

A quarter's subscription to the daily, *postage included*, thus costs but $2.20; to the semi-weekly, but $1.07; and the weekly, but 54 cents.

[*From the "Recollections of a Life-Time," by S. G. Goodrich, Peter Parley, published Dec.*, 1856.]

The BOSTON DAILY ADVERTISER was founded in March, 1814, and Nathan Hale began his editorial career with it. It may be taken as the model of the highest class of newspapers in the United States—able, calm, sincere, wise and gentlemanly. It would be difficult to name a single journal in any country which, in a union of these qualities, takes rank above it. In the United States there are some which emulate it, but few, if any, which surpass it.

[*From the National Intelligencer.*]

The BOSTON DAILY ADVERTISER.—A paper so wise, so instructive, so cautious and so truthful, deserves every success; and its success is a credit to the community which it ably serves and enlightens.

[*From the Albany State Register.*]

The BOSTON DAILY ADVERTISER.—It is one of the very best newspapers in the United States, and we take the liberty of rejoicing in its prosperity.

[*From the New York Shipping List.*]

The BOSTON DAILY ADVERTISER.—The Daily has long since acquired the reputation of being the best marine journal in the country, and as a literary and political publication it ranks deservedly high.

[*From the Salem Gazette.*]

The BOSTON DAILY ADVERTISER—a journal of which it is not too much to say, that, in some respects, it has no equal on this side of the Atlantic.

[*From the Yarmouth Register.*]

The BOSTON DAILY ADVERTISER.—A glance at its columns will show that it is fully up to the mark, and its matter is evidently prepared with much care; while in one department, and an important one to Cape readers—we refer to the *shipping intelligence*—it unquestionably excels all its cotemporaries in the freshness and accuracy of its reports. This department is under the direction of Mr. J. A. Ballard, the best shipping reporter in the country.

[*From the Providence Journal, May 15, 1857.*]

We are happy to see, in the unmistakable signs with which the columns of the Boston Daily Advertiser abound, the evidences that it is destined to a long course of continued and increasing prosperity. It is good to have something stable and firm; and a newspaper which holds fast to what is good in the old, and at the same time keeps up with all the improvements in the new, cannot be too highly appreciated in the community in which it is published.

[*From the Charleston (S. C.) Courier.*]

The BOSTON DAILY ADVERTISER, one of the best journals in the country, made its appearance, a day or two ago, printed throughout on new and beautiful type.

From the same Office are issued the **BOSTON SEMI-WEEKLY ADVERTISER**, Published on Wednesday and Saturday Mornings. Terms, $4.00 per annum, in advance; and the **BOSTON WEEKLY MESSENGER**, Published on Wednesday Afternoons. Terms, $2.00 per annum, in advance.

☞ PARTICULAR NOTICE. To CLUBS. — We will send four copies of the Daily Advertiser, one year, by mail for twenty-five dollars; five copies for thirty dollars; or ten copies for fifty dollars, — payable invariably semi-annually in advance. We will send the same number of copies of the Semi-Weekly Advertiser for half these rates.

ATWATER'S FIFTEEN DOLLAR

FAMILY

SEWING MACHINE,

Upon an entirely new Principle.

A TRULY WONDERFUL DEVELOPMENT,

Which astonished the scientific at Washington, and all who have seen it since, and will ever remain a monument of mechanical genius to astonish the world. It is surpassingly beautiful, perfectly simple, effective and durable. No complicated machinery—no getting out of order. Anybody can use it, and everybody will have it. Nothing can be made more simple for a Sewing Machine. We dispense with all that rattletrap machinery, so called, such as Looper, Hook, Shuttle, Spring and Cam, which constitute more than two-thirds of the complicated machinery of every other Sewing Machine; thus you see the reason for our opinion that to supersede it is impossible. It will do as good work, and sew as fast, as any other Machine, not excepting those high cost Machines.

1st.—It is more simple, and easier kept in order than any other Machine.

2d.—It makes a seam that will not rip or ravel, though every third stitch be cut.

3d.—Any kind of thread or silk can be used, and that too from the original spool, without the necessity of re-winding.

4th.—The seam is as elastic as the most elastic fabric, so that it is free from all liability to break in washing, ironing, or otherwise.

5th.—The stitch made by this Machine is more beautiful than any other made, either by hand or machine.

The general appearance of the Machine is beautiful beyond description, being embellished with landscapes, flowers and gold, which renders it an ornament of rare beauty for the parlor. The first premium and medal were awarded for this Machine at the New York State Fair, held at Buffalo, Oct. 9th, 1857, over all other high cost Machines, for a Family Sewing Machine.

The above cut represents a Screw Cutting Engine Lathe, of 24 in. Swing, 12 ft. bed, with an improved Gib or Lock Rest so arranged that the Tool can be raised or altered when in operation, with the same ease and convenience as with the Weighted Rest; the lower part or half of Rest is so constructed that the upper part can be easily removed, leaving the lower part well arranged for Boring purposes. The above cut represents the style of our Lathes under 40 in. Swing. We can furnish Weighted or Gibbed Rests with Lathes under 36 in. Swing. Weighs 2700 lbs.

THE BOSTON JOURNAL,

FOR 1858.

"THE FAVORITE PAPER OF NEW ENGLAND."

Published Daily, Semi-Weekly and Weekly.

In announcing the terms for the BOSTON JOURNAL for 1858, the proprietor does not deem it necessary to describe its peculiar characteristics as a popular newspaper, or to make any special promises for the future. He deems it sufficient to say, that what THE JOURNAL has been in the *past* it will be in the *future*. By the almost unanimous consent of its contemporaries throughout New England, THE JOURNAL stands at the head of the New England Press in all those qualities which go to make up a reliable, enterprising, *live newspaper*. This position it has attained by pursuing a steady, straight-forward course in all respects, and by sparing neither labor nor money to give the latest intelligence and the fullest reports of all matters of interest at the earliest moment. It has relied upon its own merits, and not upon the representations of canvassers or "drummers" to gain for it the confidence and patronage of the Public—and the result has been that IT HAS NOW A CIRCULATION MORE THAN DOUBLE THAT OF ANY PAPER OF ITS CLASS IN NEW ENGLAND—and at no previous time has its circulation increased more rapidly than during the past six months. The proprietor intends by the employment of experienced and competent men in all the departments of the establishment, and by the most liberal outlay of money in the procuring of important news from all quarters, to make THE JOURNAL still more worthy the name of "*the favorite paper of New England.*" And with this simple announcement he invites the attention of newspaper readers and newspaper dealers throughout New England to the following statement of the terms for the several editions of THE JOURNAL:

THE BOSTON DAILY JOURNAL,

MORNING AND EVENING,

Contains the latest news received by the mails and telegraph up to the hour of going to press. It is printed on the ONLY SIX-CYLINDER FAST PRESS, in New England, which enables us to hold back the forms until the very latest moment, and still work off the edition in season for the mails and expresses. It is published at the low rate of

Six Dollars a Year; Single Copies Two Cents.

THE SEMI-WEEKLY JOURNAL,

Tuesday and Friday Mornings,

Contains all the reading matter published in THE DAILY JOURNAL for the three days preceding—averaging from *thirty-one to thirty-two full columns*. The subscription price of the Semi-weekly Journal is **THREE DOLLARS A YEAR.**

TO CLUBS.—Five Copies, one year, Twelve Dollars Fifty Cents. Ten Copies, one year, Twenty Dollars.

THE WEEKLY JOURNAL,

Published on Thursday Morning,

Contains thirty columns of reading matter, prepared especially for its columns, and embraces all the news of interest for the week. It is furnished at the following very low rates:

One copy, one year,.....TWO DOLLARS. | Five copies, one year,.....SIX DOLLARS.
Two copies, one year,.....THREE DOLLARS. | Ten copies, one year,.....TEN DOLLARS

And one to getter up of club.
Twenty copies, one year,.....TWENTY DOLLARS.
And two to getter up of club.

JOURNAL FOR CALIFORNIA.

Six and a Quarter Cents a Copy.

As an Advertising Medium,

The Journal has no equal in New England. Its prices are uniform, and the Advertisements are set up in a clear and conspicuous manner, judiciously arranged and classified under appropriate heads, and appear in both the MORNING and EVENING papers without extra charge.

Its Circulation

Is more than double that of any "two-cent" or subscription paper in New England. The public are reminded that NO DRUMMERS FOR ADVERTISING are ever employed by this establishment.

The Cash Principle.

In all cases the "cash principle" will be adhered to, and no notice will be taken of any orders not accompanied by the money. All papers are discontinued at the expiration of the time paid for.

☞ THE JOURNAL is for sale at all the Newspaper Depots, and on all the Railroads throughout New England. All orders should be addressed to

The prosperity of this Company is without a parallel in the history of life insurance in this country. *Not a dollar of invested funds has been lost*, and the incidental expenses, including commissions to agents, for the last two years, have been but *six and a half per cent.* of the net annual receipts, there by enabling the Directors to declare from *ten to twenty-five per cent.* larger dividends, annually, since the organization of the company, than any other life insurance company in the United States.

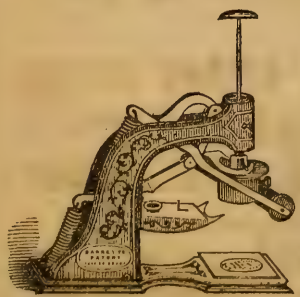
BARRETT'S SELF-INKING HAND STAMP,



MANUFACTURED BY THE

N. E. SELF-INKING HAND PRESS COMPANY,

OF SALEM, MASS.

Boston Agency, Carter's Building, Water Street,

Corner Devonshire St. and Spring Lane.

This Press is a self-inking machine; the impression and inking the type are performed by one and the same motion. The roller being hollow, contains a supply of ink sufficient for three or four months, and with the assistance of the fountain, ensures a perfect impression, clear and distinct.

In Merchants' Counting Rooms, Offices of Manufacturing Companies and Banking Institutions, it will be found invaluable; also for Seals for Notaries, Associations and Legal Instruments.

The Type in the box being changeable, it has not its equal for advertising, as any person can, in a few moments, set up the matter required—a thing never before accomplished by any other Hand Press.

Samples may be seen at the Office of the Company, who have appointed G. D. HODGES their Agent.

None but the most skilful Cutters and thorough workmen employed, and all under the personal superintendence of the undersigned.

PARTICULAR NOTICE.

An experience of 18 years, confined exclusively to the best class of trade, has convinced me of the fact, that a large class in the community prefer to pay a moderate price for a first-rate garment, in point of material, style and finish, rather than disguise a manly figure in clothing suited only to the buffoon and clown.

In order that I may be able to furnish

GARMENTS AT THE LOWEST PRICE

possible with the perfection of the garment, I shall sell for cash, and at a price which will make it an object for the buyer to pay cash. Gentlemen are respectfully invited to call and examine Spring Styles and new importations just received.

Which for clearness, style and beauty of finish, cannot be excelled. To this branch of our business we respectfully call your attention. Another style of MINIATURE which is pleasing to many, and in some respects preferable, is the

TRIO STOVE.

Any intelligent mind cannot fail to see the wonderful economy in the consumption of fuel by this Invention, over the common Portable Furnaces. Immediately after the fire is kindled in the morning, the damper in the smoke pipe is closed for the day; when the only escape for the heated smoke and gases is through the continuous tapering trunk or radiator, terminating in the smoke pipe, which is reduced to a small vent of two inches in diameter.

The heated smoke and gases are thus compressed into the whole circuit of the trunk, and become wholly exhausted by radiation. The consequence is, that the formerly wasted fuel, which was lost by passing off in smoke and gases in a crude or unconsumed state, is here made available for generating heat.

Warranted a Saving in fuel of Fifty per cent. over any other Portable Furnace in the known world.

THE

TRIO STOVE,

embodies the same valuable principles combined in the Portable Furnace. We think no prudent person will use stoves, as they have been formerly constructed, after becoming acquainted with this invention.

We obligate ourselves to prove, to the satisfaction of all, a saving of Fifty per cent. in Fuel, not only by seeing the stove in operation, but by a large number of the best testimonials that can be written.

MAYNARD & NOYES'

WRITING INK.

THE MANUFACTURE OF THIS INK WAS COMMENCED IN 1816,

And the quality has now been tested by the public for more than forty years. During this time it has been constantly increasing in public favor and patronage, and is now the leading article in the country. Those who may be ignorant of its superiority and reputation, are invited to read the following testimonials, and to make trial of it themselves. When the best judges, after using it more than twenty-five years, express themselves in one manner concerning its superior excellence, it is quite evident that no one need be troubled with bad ink.

Bowdoin School, Boston, Jan. 7, 1857.

Messrs. MAYNARD & NOYES: I have used your Ink in the Writing Department of this School the past thirty years, and take pleasure in renewing my testimonial of its superior quality. It flows freely from the pen, its color is brilliant and permanent, and it combines all the necessary and desirable qualities of good ink.

JAS. ROBINSON, Writing Master.

Boston, January 10, 1848.

Messrs. MAYNARD & NOYES: Gentlemen, — It is now, I believe, more than twenty years since the School Committee passed an order for using your Black Writing Ink in the City Schools. I have used it during that period, and deem it a *first-rate article*, and cheerfully recommend it to others. It *flows freely* from the pen, and increases in blackness after being committed to paper, and the color is *durable*. I know of no Ink equal to yours, and I have tried many kinds, both English and American.

P. MACKINTOSH, JR.,
Principal of Writing Dep. Hancock School.

Office of Merchants Ins. Co., Boston, Jan. 2, 1856.

Messrs. MAYNARD & NOYES: Gentlemen,—I have used your Writing Ink generally for the last twenty-five years. In 1847 I renewed my certificate of its excellence, and having continued its use ever since to my entire satisfaction, my opinion is confirmed in its superiority. *It flows freely from the pen, and is, in all respects, the best Ink I have ever used.*

GEORGE HOMER, Secretary.

Registry of Deeds, Boston.

Messrs. MAYNARD & NOYES: I have made use of your Writing Ink for the Recording of Deeds, &c., the past *twenty-five years*, and take pleasure in renewing my testimonial of its superiority. From the appearance of the records in my office, I consider it particularly adapted for all purposes where *permanency of color is requisite or desirable, as my oldest records prove it to be unalterably black.*

H. ALLINE, Register of Deeds.

COPYING INK.

This ink gives a copy as distinct and perfect as the original, and combines all the properties of our Writing Ink. This quality particularly adapts it to Counting House use, as it answers all the purposes for which a writing liquid is wanted. Also,
